Christmas special

Members, it will soon be Christmas time at your club.

The wind up will be happening at the meeting on 8 December which will be a short meeting followed by snacks and drinks.

You are requested to bring a plate of snacks. The club will supply drinks cold and hot.

Come along and enjoy yourself. Why not bring a friend or family members. They can see how hard you work.

Looking forward to seeing you all there.

Your Committee.

Any concerns or assistance required contact:-

Pat McKeown, Social Organizer

Moved John Curtis, seconded Peter Pekaar the Treasurer's report be accepted and accounts be passed for payment. Carried.

Property Officer:- Ray Walker reported briefly on the busy bee arranged for November.

Field Days:- Peet Wessels expressed disappointment that only 3 members attended the Capes South Field Day, and asked members to consider the choice of venues for future years.

He reminded members of the AAawa State Estuary event 27/28 November and said he would accept nominations for Club teams.

No one had yet showed any real interest in the Safari suggestions. Steep Point could be September, Esperance to be decided.

The venue for the November Field Day is Cervantes, always a good place.

Peet reminded members of the sign on, payment and weigh in arrangements for local Field Days as set out in Reel Talk. To be raised at Committee.

AP GM11/10 #1

Dry Casting Officer:- Allan Jones reported on November Club casting and the AAawa State Dry casting held on 31 October. Results are available on the AAawa website and Marcia Pekaar can provide printed copies for members.

A 56 gram Single Handed Open will be held at the January Dry Casting.

AAA report:- The State Estuary event will be held on 27/28 November. George Holman reported briefly on the State Dry casting. The Rock and Beach championships will be held on the March long weekend with headquarters at Cheynes Beach.

Social Organiser:- Pat McKeown reported on the barbecue held at the AAawa State Dry Casting event. Donations for this are to be acknowledged. Bev Grigo has donated a cake for the raffle prize for this General meeting.

Recorder:- John Curtis reported that Mal Head has entries for a 2.25kg Tailor for the Barron Lures competition and a 2.5kg Tailor for the Open. Ian Cook has entered a 1.56 kg flathead. John will make some recommendation on the Club Competition Rules.

Reel Talk:- Terry Fuller advised there is always room for members' articles.

RFW report:- Will be printed in Reel Talk. George Holman said the RFW AGM and elections held on 29 October had been very well run and informative.

Notice of motion:- Bob Henderson was not present to debate his notice of motion. That the SCAC provide payment of all nomination fees for all club members who represent their club at any State AAA event. It shall not include any National AAA event. Peter Pekaar read out the motion and asked members to think about this for the next meeting. Some facts and figures are required.

General business:- Peet Wessels said it was good to see some of the older members on Field Days, and asked if members could cooperate to help these people get to Field Days. He will take Trevor Stam to Cervantes.

John Curtis reminded members of the tackle sale at the January General Meeting.

John Crompton circulated a list of some fishing gear for sale.

Mark Hansen said that Morris Kolman was retiring in December and Club property needs to be relocated. This is an existing Action Point from the Committee meeting.

Terry Fuller circulated a draft copy of the updated 2 page Club Brochure for any comments from members. It was agreed that version was OK for printing.

AP GM11/10 #2

Several Committee members will be away from Perth at the Kalbarri busy bee and not available for the Committee meeting on 17 November. It was agreed to defer the meeting to 24 November. John Crompton to check with Coolbinia Club to shift the date we use their Club rooms.

Raffle:- Cake donated by Bev Grigo won by Andy Thorgersen. Second prize won by George Holman.

Meeting closed:- Formal meeting closed at 9:00 pm.

Instruction period:- Terry Fuller gave a presentation on wind and weather on the West Coast. Aim was to help members understand and interpret the weather information in the media, mainly about winds, and to let members be able to do some short term wind predictions for themselves, for where they want to fish.

December Committee meeting

When:- Wednesday 15 December 2010, 7:30pm.

Where:- Coolbinia West Perth Amateur Football and Sporting Club room.

Visitors. Club members who wish to see what's involved in Committee work may attend Committee meetings by invitation as visitors and observers and at the discretion of the President. Please contact the President or the Secretary well prior to the meeting to arrange your invitation.

BBQ and night cast

Fellow members. There will be BBQ and a night casting evening held at Kaye and George Holman's house which backs onto a park.

Saturday 8 January 2011, 7 pm. This event is BYO everything, so bring along a salad or something to add to the BBQ, and some chairs. George will be providing a BBQ to cook on, so blokes hop on the BBQ and show the woman men can rule the BBQ.

On dark, we venture out onto the oval and run a night cast. This event involves casting with a glow stick at a target in the dark, hopefully hitting the target. Spot prizes will be handed out during the evening. This a fun event so bring along a sense of humour and a big smile.

See you there.

Social Organiser, Pat McKeown

Deadline for Reel Talk articles and reports

The Reel Talk is published and posted so that it gets to the members some days before the first event held in the following calendar month. Some months this gets very tight due to the timing of club events in the current month and early in the next month.

The editor would really appreciate getting items a long time before the deadline, particularly if they have to be typed in, scanned, reformatted, etc. Items received electronically can be put into the magazine in a short time, but are subject to space.

Can I please have general articles and reports no later than 5 pm Tuesday 22 December.

Please note:- This date and time are deadlines and closing and cut off times, not targets for you to aim to just meet. If you don't understand the difference, please contact me.

Reel Talk Editor, Terry Fuller

Members' stories, photos, tips, etc wanted

Do you have any new stories, photos, tips, news items, comments on Club events, etc, etc, to share with other club members? Please send them in to the Reel Talk Editor.

An old fashioned tape recorder is available for use by people who don't have computers. They can just talk into it, and Terry Fuller will type it up for the Reel Talk if required.

Thanks to Committee members for the reports about their events.

Dry Casting report 7 November 2010

The weather was fine with a cloud cover, a light south easterly breeze and temperature around 24 degrees. As the morning wore on, the breeze got a bit stronger. A total of 19 casters and 2 visitors, Ken Bibby and Bev Grigo, who did not cast.

The Seniors, Ladies and Mini Juniors were on accuracy first followed by distance. Veterans had distance then accuracy.

Many thanks to all who helped set up the courts. Thanks to Dean Stewart for putting out the flags and banners. Thanks to Ken Bibby, George Holman and Owen Williams for bringing in the flags and banners, and to the people who brought in any other equipment. Thank you to Marcia Pekaar for collecting the money.

The best distance casts were:-

Peter Pekaar	Seniors	167 metres	112 gram
George Holman	Veterans	160 metres	112 gram
Marcia Pekaar	Ladies	107 metres	112 gram
Owen Williams	Mini Juniors	62 metres	112 gram

There were 4 bullseyes on the day, 3 in Veterans and 1 in Ladies. Marcia Pekaar, John Crompton and Dean Stewart all scored a bullseye in single handed accuracy. Ray Walker had 1 in double handed accuracy. Seeing that Ray is the property manager, he may have to have the target repainted.

The winners for November were:-

Seniors	Peter Pekaar	227 points	Veterans	George Holman	254 points
Ladies	Marcia Pekaar	152 points	Mini Juniors	Owen Williams	76 points

Well done to Owen Williams for his best cast in the 112 gram distance so far this season.

December will see Veterans starting off with accuracy, then distance. Seniors, Ladies and Mini Juniors will start on distance first, followed by accuracy.

A 56 gram Single Handed Open will be held at the January casting.

See you at the December casting.

Dry Casting Officer, Allan Jones

Dry Casting report Seniors, Ladies, Mini Juniors

Even though Bev Grigo is an active Committee Member, unfortunately a shoulder injury has kept her away from fishing and dry casting events for quite some time. So, it was wonderful to see her at the Yokine Reserve this month when she came down to socialise with fellow members, have a few practise casts, and donate a fruit cake she'd made to be raffled at the General Meeting. Thank you, Bev, for your generosity and we all look forward to seeing you again on a regular basis.

The stand-out performers in our group this month were Owen Williams and Danny Fimeri. In less than ideal conditions, Owen was able to achieve personal bests in the 56 gram, Artificial Bait, and 112 gram events, taking his longest cast out to 62 metres. Not bad for a seven-year-old.

Danny Fimeri is showing steady improvement every month in both accuracy and distance events, easily breaking the 100 metres in the 112 gram, event. Well done, Danny. Also worthy of mention is Marcia's bullseye in single handed accuracy and 107 metres on her last cast.

Thank you to everyone for their assistance; even Sonney got involved helping to score on the distance events with Eric.

With everyone chipping in, we were packed up by lunchtime.

Peter Pekaar

Dry Casting results, 7 November 2010

These results have been prepared from the original hand written distances and scores recorded on the day. Marcia and Peter Pekaar copied the scores from the score sheets into an electronic format, adjusted the distance scores for the 20 metre measurement setback, and cross checked all final figures against the original score sheets.

Terry Fuller used his computer drycasting scoring program to process the results to calculate the points, add all together, sort into final score order, extract the section winners and year's best as shown on the second page, and progressive scores for use at the end of the competition year.

Field Day Report, Cervantes

Sand blasted or not, this was another great Cervantes field day. At the sign on I was delighted to see so many Surfcasters and visitors, 20 or more they were. This is fantastic and makes all my work and effort for the Field days so much more fun. Thanks to everybody that made the effort to attend this field day.

In future we might have to consider 3 Cervantes field days per year, if this is what the members want and enjoy, why not? With the new road up the coast past Lancelin this makes the venue even more attractive.

Trevor Stam fishing Hill River, November 2010

The highlight of our weekend was to have one of our very senior members, Trevor Stam in our company. On our way Trevor told us how the roads and things had changed since he last fished Cervantes, 18 or 20 years ago.

Trevor also battled the very strong southerly winds and managed his long rod and Alvey well. I was not amused when he landed a nice Tailor and my bag was still empty.

Well done Trevor, you are an excellent example for many of us, even at your age, you showed us how one can enjoy a short weekend with fishing and photography.

After sign-on we all disappeared to our preferred spots along the beach. We were spread out with Mark and Wendy at their favourite spot Black Rock to Peter Osborne at the mouth of the Hill River. Our group of 4 cars and 10 people went to our favourite beach spot close to the parking area, while George and his group camped at more protective spots just behind the dunes.

Interestingly all these areas produced good fish, with most Tailor caught at the spots closer to the river mouth. With the right berley, Herring was abundant all along the channel while good numbers of Garfish were caught out of the reef areas at Black Rock. Surprisingly quite a few small Sharks, Skippy, Snook and Pike landed on the scale. Some monster size Yellow fin Whiting and a good few Flathead also appeared at the weigh-in. This just goes to show that one needs rough water at Hill River for the fish to go off, or is it maybe your neighbour's berley that is drifting past?

George Holman donated 2 field day prizes for the weekend. The roll of leader line went to the best junior for the weekend and that was won by Sarah Wignell who weighed in a lovely bag of quality fish. The Pilly casting lure was won by our most senior member for the weekend, Trevor Stam with his Tailor caught in 30 knots plus south westerly winds. Well done to both of you.

The best scale fish section was won by Sandra Wessels with a tailor of 0.77 kg. Best bag of scale fish went to Peter Osborne with a mixed bag of 6.25 kg. Best shark prize went to me with a 6.5 kg Gummy Shark. I also won the best bag including shark section with a mixed bag of 10.81 kg. Well done to all section winners.

Our next Field day is at Seabird on the 14 and 15 December. This is another fishing location close to Perth. Fish to target here is mainly Herring, Whiting and Tailor. Over the years some good Mulloway has been recorded here. Let's see if one of us can get lucky and land one of those beauties.

Hope the next time I see you is with a bent rod in the hand. Tight Lines

Recfishwest report

Recfishwest AGM and election of Board members.

The RFW AGM and election of Board members were held on Friday 29 October at Fremantle Sailing Club.

There were 9 nominations for 3 public board members for two-year terms. Ian Stagles, Steven Gill and Ian Sewell were elected and Gary Wotherspoon back filled the position for the Chairman, Andrew Matthews, elected at the November Board meeting.

There were 4 nominations for 2 representatives of Association members for two-year terms. Joe Petrovich, nominated by the Spearfishing Commission (WA) of Australian Underwater Federation (AUF) and Ben Malton, nominated by Australian National Sportfishing Association were elected.

Members elected to the RFW Executive positions were:- Andrew Matthews, Chairman; Ian Sewell, Deputy Chairman; Ian Stagles, Chairman Policy Development Committee; Tim Carter, Chairman Communications and Membership Committee; and John Webber, Chairman Sports Development Committee. Andrew Mathews is also the Chairman of the Research Committee.

Kimberley/Pilbara marine parks.

Premier Colin Barnett and Environment Minister Donna Faragher have announced four new marine parks at Camden Sound, North Kimberley, Roebuck Bay and Eighty Mile Beach which will nearly treble the total area of marine parks and reserves in WA coastal waters.

The indicative management plan for the proposed Camden Sound Marine Park has been released for community comments. No details have been released about the other three marine parks. Details available from <http://www.dec.wa.gov.au/content/view/6171/2183/> Proposed marine park zoning for the proposed Camden Sound Marine Park includes:-

Sanctuary zones. 'No-take' sanctuary zones are proposed at the Champagne Island group and the Montgomery Islands reef covering approximately 936 square kilometres.

Special purpose zone (whale conservation). Special management arrangements will enhance protection of humpback mothers and calves in an important humpback whale calving area covering approximately 1,680 square kilometres.

Special purpose zone (wilderness fishing). Surrounds the Montgomery Islands reef. The zone covers approximately 412 square kilometres, is to be accessible to recreational fishers and boaters and managed to preserve the area's natural condition and ecological value. This zone allows for recreational fishing and requires fishers to consume their catch before leaving the zone. Commercial fishing is not permitted.

Special purpose zone (pearling). Recognises the longest operating and largest cluster of pearling operations in Western Australia based at Kuri Bay, and covers approximately 577 square kilometres.

General use zone. Cover approximately 3,457 square kilometres.

Recfishwest issued a media release calling on State and Commonwealth governments to improve the process for all marine park planning and for the fishing sector to have greater involvement in future discussions.

Marine parks in Western Australia require sign off from State Environment and Fisheries Ministers, yet the recreational and commercial fishing sectors' first opportunity to formally comment on marine park plans is when planning is complete and a draft management plan released.

Recreational and commercial fishers are typically the group most affected by marine park zoning, but they had no say in planning for these marine parks. The greatest risks to Camden Sound are not created by the commercial or recreational fishing sectors. We are not opposed to marine parks being implemented, but the fishing public, both recreational and commercial, must be involved in the initial planning stages.

Both commercial and recreational fishers have agreed to assess all activities against their potential impact on whales and other marine life and alter fisheries management if risks are identified. This government's original recommendation was to provide additional protection to whales. Despite whale populations having never been healthier, additional sanctuary zones have been drafted with no relevance to whale conservation.

Recfishwest Board Member, Terry Fuller

Social Organiser's report

Fellow club members what a busy month this has been. First with the club meeting then Dry casting with the club regular activity.

Then the State Dry casting Competition where we had some very good results. Well done to all concerned whether competing or organizing. It takes a lot of work to make it happen.

Special mention to George, Allan, Terry, Gary, all limping at the end of the day but all had smiles on a job well done.

As Social Organizer I was responsible for the BBQ and Drinks. As we had a brand new BBQ to break in had to call in top BBQ Chef Ray. Great to have you on board Ray. John was my backup. Many thanks John.

The day went really well everybody eating and drinking (soft drinks).

I must make a very BIG thank you to :-

Woolworth's Bunbury meat division for supplying the sausages.

Woolworth's Beechboro Altone Shopping Centre for the \$50.00 card donation to purchase rolls etc.

McDonalds Beechboro Altone Shopping Centre for their donation of ice for the day.

Thank you to you all. Please support our sponsors.

The club raffle prize this month is a cake baked with much love for the winner of the raffle. Please enjoy and many thanks to Bev Grigo.

Please keep in mind the upcoming Christmas Function at the December meeting. Come along with a smile and a plate of goodies for all to enjoy. Remember it's your club and your club Christmas function. See you there.

Recorder's report

Applications have been received from Mal Head for two club awards. Mal captured two tailor at Kalbarri and has lodged applications for the Open Section with a fish of 2.5kg and the Barron Lures Competition with the capture of a 2.25kg tailor.

Ian Cook has lodged a Club Record claim and a Grand Masters with a Southern Blue Spot Flathead captured at Dongara. Both have been accepted.

I am in the process of reviewing some of the Club Competition Rules and will present a recommendation to the Club via the Committee in January or February. There are some sections of the competition rules which are in need of review as they are not accurate, and do not reflect current practice. With ever changing fishing rules and regulations there are also some sections of the fishing rules which require minor amendments to reflect current recreational fisheries regulations. Should members have any comments or corrections included in these amendments can they please let me know so that they may be included.

Congratulations to Mal and Ian on their efforts.

Safari for 2011, Steep Point or Esperance

Can members please give an indication of their preferences for locations and dates for a possible Safari in 2011, as covered in the September Reel Talk.

A trip like this takes a lot of planning and preparation and if we are going to do it, we need to start with the planning as early as possible.

The suggested dates for the safari need to be decided by the members who are interested in going.

Please give this Safari serious thought and show your interest and preference for either Steep Point or Esperance and dates by letting me know as soon as possible.

Surplus tackle sale at January General meeting

All of us have too much fishing tackle that is old, obsolete, surplus to requirements or was just too good a bargain to let go by when we saw it in the discount bin at the local tackle store. Here is an opportunity to dispose of it, make a few dollars and help your poor, unfortunate club mates who don't have that 'must have' piece of tackle.

The Committee has agreed we will be having a 'Tackle Swap Meet' in lieu of an Instruction Period at the January General Meeting, exclusive to members who attend. Bring out all of your unwanted tackle and gear and put a price on it and make some cash and help the club to make a few dollars as well. The club will allow you to buy, sell or swap old pre-loved and unwanted gear and tackle for a small fee. All material offered must be pre-owned and no retail sales are allowed.

If you have any 'surplus to requirements' fishing tackle please send the list to the Reel Talk Editor and bring it to the January General meeting and let another club member get that bit of "must have tackle" that they need. Also bring a bit of spare cash to purchase your pieces of needed tackle and give something to the Club.

Win free Club membership for a year

The Committee has decided to extend the offer of one year's free Club membership to the 2010/11 year as an added incentive for new members to join the Club. In the second draw to be held at our Presentation night on 25 June 2011, all members who have been accepted into the club between July 2010 and June 2011 will be in a draw to receive 1 year's free membership. The free membership will be for them and be the same type as they held in 2010/11, that is, single or family, etc.

Please let your fishing friends, relatives, workmates, neighbours or acquaintances know about this **"win free club membership for a year"** offer, what the Club does, and the benefits of being a club member, particularly getting all those fishing and casting tips from experienced club members. Show them your copy of Reel Talk and let them know there is a lot more about the club on the Club website <http://www.surfcasters.iinet.net.au/>

Wanted - aluminium cans

Wanted - Aluminium cans. Please bring them along to the General Meeting or to Mal Head's home, but not to Dry Casting.

Mal saves them up and takes them to the recyclers when he has enough, and the price is right, and donates all the proceeds to the Club.

2010 AAawa State Dry Casting Championships report.

This event was held at Yokine Reserve on Sunday 31 October with fine conditions but a reasonably strong easterly wind, (a head wind,) which blew all day and made accuracy casting difficult and distances hard to achieve. We had 58 casters in attendance including two Super Veteran casters in Jim Strong and Trevor Stam.

Magic Nissan once again sponsored all the individual winner and runner up trophies. Thank you.

People need to realise the amount of work and preparation needed to make an event such as this function, starting with booking the oval early (4 November 2009.) Just as well, as on the day we were confronted with a dog show wanting the oval as they had booked also - the oval was double booked! After negotiation an arrangement was made between the two groups which worked well. But it made for extra work and lost time.

Bob Henderson did a lot of work early in preparing the trailer and equipment needed for the day as it was left in a mess after last year's event. Thanks Bob for your hard work.

Pat McKeown and other Surfcasters organised the sausage sizzle and drinks for the day which were appreciated by all present. Thanks Pat and crew.

Marcia Pekaar and Terry Fuller did a lot of preparatory work in entry forms, rig diagram sheets, competition rules and expressions of interest forms which helped competitors on the day. Thank you both.

Peter Pekaar and Bob Henderson were in charge of courts one and two and worked hard all day. Terry Fuller was in charge of the Ladies, Super Veterans, Juniors and Mini Juniors court. Paul Frzop helped John Curtis who was recorder for the day. Appreciated Paul.

For fishing events run by the Association, the individual and team nominations and any changes don't really need to be finalised in the computer scoring system until the weigh in time and could be done (at a pinch) in the several hours between the sign on and the weigh in times.

Running Dry Casting is completely different to running the fishing events. Dry Casting cannot start until all the names and teams are finalised and entered into the computer scoring system and these entries are checked and confirmed by the Club team captains. The computer prints out the casting sheets which have everyone listed in casting order so that people can be called up in the correct casting order and so that the markers can record the accuracy scores or use the correct numbered marker peg for the right caster number.

Everyone must also be listed in the correct divisional categories of Men, Veterans, Ladies, Super Veterans, Juniors or Mini Juniors, and it is usual for at least three divisions to be casting at the same time. And everyone nominated for Teams must be recorded in the correct division and the correct club. One seemingly "simple" change of division or team can cascade through several sets of sheets and require a lot of checking and rework.

One of the requirements was that all team and individual entry forms had to be in by the Wednesday prior to the event so that the draw and call up sheets and recording sheets could be prepared prior to the day so that we could start promptly at the advertised starting time. With Dry Casting this is critical for the smooth running of the day.

The person responsible for this was John Curtis who put a lot of time and effort into his job of recorder before the casting day, only to see most of this work wasted as there were late team and division alterations on the day. This meant most of the pre-prepared printed paperwork went into the bin, a lot of last-minute re-shuffling and the loss of at least half an hour in the starting time while the essential paperwork was prepared. These changes also led to a lot of confusion and problems later on with recording.

Such changes on the day as late as a few minutes before the expected starting time are simply not compatible with running a Dry Casting event on time. This needs to be changed to a definite shut-off time late afternoon on Saturday to allow ALL the essential call up and recording sheets to be ready at the advertised start time.

The other request at the briefing was to let the officer of the day or John Curtis know if anyone was leaving so that their names could be ruled off the sheets. Although many people left after the team events were finished, only one caster advised they were leaving so that their names could be ruled off the call up and scoring sheets. As a result it was difficult when calling up casters and numbers which again led to further problems with recording.

Casting should be about camaraderie, working together and enjoying the company and the event, but the cooperation by some was not what it should have been. This was detrimental to a smooth running event and some people need to make up their minds as to where they want casting to go.

Another request made at the briefing was to retrieve all the equipment and gear used during the event and bring it to the trailer so that it could be sorted and repacked in preparation for next year's event. One CB radio was missing despite asking everyone who was still around if they knew where it was. The radio was handed to me as I was about to leave, by a lady who was walking her dog on the field, who had found it out in the middle of the ground.

We have also had a written complaint from the City of Stirling that at least 22 galvanised iron distance marker pegs had been left on the ground and had caused some damage to the large lawnmower. We now have some letter writing and apologising to do.

Bob Henderson has once again sorted out and repacked the trailer, and other than the missing pegs it is ready to go for the next year's event. Thanks Bob.

Jim Strong made his speech and presented all the awards and also received the runner-up trophy for the Super Veterans which was won by Trevor Stam. We all need to realise that Jim is 88 years young and it would have been a long day for him. Congratulations Jim from us all.

To John Curtis and crew and to all who helped on the day, a sincere thank you.

Finally to all the contestants, thanks for attending and competing and to all the winners and runners-up, congratulations. We are all winners if you had an enjoyable day.

Suggestions for field days for 2011/12 - updated

This has been updated due to the change of public holiday in October 2011. See also the article about AAawa State events. The Club has a policy of supporting AAawa events wherever possible and setting our fishing field days to fit in with AAawa events and venues. That is difficult when AAawa still hasn't finally decided dates, but you have the best available information.

It's December already. Preferably **before** the April General Meeting, we need to set the fishing Field Day venues, boundaries and dates for the May 2011 to April 2012 club competition year. Drycasting dates can be shifted to avoid field days, subject to the Yokine Reserve not already being booked by someone else.

We would like to publish a possible list, or at least a list of the suggestions, in the February Reel Talk, have some discussion at the February General Meeting, and then finalise the list at the February Committee meeting for the March Reel Talk, to be voted on by the members at the March General Meeting. That gives us a month spare to sort out any difficulties and means we are not forced to make a decision at the last minute at the April General Meeting.

Anything is possible, different / new venues, different formats, different rules, whatever, if the members will support them by going on those Field Days.

If you have any ideas, please put your suggestions in to the Committee, and list the venues on the updated coloured form included with this Reel Talk.

You are requested to nominate only those months and venues that you have a reasonable expectation of attending. These could be choices from local, close venues, or distant venues. The latter are generally tied to long weekends.

The Committee will use this information to recommend a set of venues that attracts and gives the greatest interest and potentially maximize attendance by Club members.

DO IT NOW, PLEASE!!! The current Competition Rules are available from the Secretary or see the club's web site <http://www.surfcasters.iinet.net.au> for the online versions.

We don't want to have all the discussions and all the changes at the last minute at the April General Meeting. That's not the way to make good decisions.

AAawa State Championships during 2011/12

This covers AAawa's 2011/12 competition year, 1 August 2011 to 31 July 2012, and SCAC's competition year 1 May 2011 to 30 April 2012.

State Dry Casting Championships. Yokine Reserve. Sunday 25 September 2011. **Note.** This is one month earlier than usual.

State Rock and Beach Fishing Championships. Port Gregory, boundaries Bowes River to Kalbarri. This is still being revised to cater for the late notice change of the October 2011 "Queen's Birthday" holiday. Is currently planned for the long weekend Sat/Sun/Mon 1/2/3 October 2011, but Monday 3 October is no longer a public holiday, so this event may be shifted to the long weekend Fri/Sat/Sun 28/29/30 October 2011. But that would mean two 500 plus kilometre AAawa events just a month apart **or** it may be shifted to the long weekend Sat/Sun/Mon 3/4/5 March 2012. The date is to be decided by the AAawa Rock and Beach and Estuary sub-committee after the 2010 Estuary event is over. **Note:-** AAA Championships on long weekends are usually held on the Saturday and Sunday, with the Monday holiday allowing entrants to fish the competition and have a break on Sunday night before any long drive home.

State Estuary Championships. Walpole. Saturday/Sunday 26/27 November 2011.

State Boating Championships. Jurien. Saturday or Sunday 3 or 4 March 2012.

AAawa Delegate, Terry Fuller

Updated Draft calendar for 2011/12

Now updated to include the Government's announcement on 5 November that the Queen's Birthday holiday will be changed from Monday 3 October 2011 to Friday 28 October 2011.

This will also affect the AAA Rock and Beach Championships and State Drycasting. See the earlier article. It's all too hard to show all these possibilities in the calendar, so please read the articles.

Spot any mistake(s), please. I need people to read and check all these dates. Please tell me if you find anything wrong or if **you think** something's wrong.

about the club

The Surf Casting and Angling Club of WA (Inc.) was formed in 1952 and is one of the oldest existing fishing clubs in Western Australia. The club has produced many State and National champions in all categories of competition. Experienced Club members welcome the opportunity to teach novices in the sport and increase the skills of fellow members. Our club is for persons fishing, dry casting, competition, fun and fellowship, and to compete in both club and State competitions. Families are encouraged to participate in all club events.

Club activities

Dry Casting - instruction and competition in casting on an oval is usually conducted on the first Sunday morning of each month. It is an informal activity in the development of casting skills used when fishing anywhere.

General Meetings - are held on the second Wednesday of each month. An invitation to attend is sent to all members. Discussions cover a wide range of subjects including tip, fishing techniques, preparation for the next fishing trip, tackle, etc.

Fishing Field Days - are usually held on the first Sunday of each month. The club has a large fleet of vehicles to take members to the right to deliver fish on the south coast and inland. Usually the field days leave from Perth and last for a long weekend. A local field day is held each month for members who are unable to attend the long trip.

Field - The club has fishing "stations" of about one week. To join, first, check the calendar for a good station from Perth. Members on these trips have a great deal and develop their fishing skills.

Social Events - the club conducts social activities during the year culminating in June with the annual dinner and trophy presentation night.

benefits

The Club meets a holiday house at Kallbar and this is available to members, their families and friends at reasonable rates. Learn where, when and how to fish.

Lots of "free" for "free" from Club members. Competing in State Events, team fishing and dry casting.

An invitation

If you wish to improve your casting skills, fishing techniques, enjoy social activities and use the company of happy but serious minded fishermen, then the Surf Casting and Angling Club is the organization for you.

When you join at \$200, you will be helped by experienced members, particularly on casting and fishing field days.

Come and join us at our monthly meetings, dry casting meetings and fishing field trips. We are sure you will enjoy being a member.

Make the decision and join in the fun

Drycasting photos on SCAC website

Photos taken by John Curtis at the October Club dry casting day are on the Club website at <http://www.surfcasters.iinet.net.au/PhotosDryCastingOctober2010/index.html>

There are some good sequential photos of people casting. Much can be learned and demonstrated from some of these photos, about different casting methods and actions, and the characteristics of different rods.

President's report

I start this report with good news. I spoke to Andy Thorgersen on 22 November and he was his bright and bubbly self once more as he was told that Kit looks like coming home very soon. She is up and about and ticking all the boxes. We look forward to seeing them both at a club functions soon, maybe a night cast and barbecue!

At our last meeting Terry Fuller gave a very informative instruction period on wind and weather with some assistance from John Curtis and we all learned a lot. Thank you.

A thank you must go to Bev Grigo because even though we haven't seen much of her for a while, Bev came to the previous dry casting morning which was great to see. Even more beneficial, Bev presented us with a personally baked cake which was raffled at our last meeting. Look forward to seeing more of you Bev.

Touching on dry casting, Allan and Gary continue to do a great job and each morning at casting we are able to enjoy each other's company and the competition as well. Ken Bibby came to our last event and I know he enjoyed the day and had a good laugh. We look forward to accepting him into the club at the December meeting.

Pat McKeown and crew add polish to the day with the sausage sizzle and drinks, a suitable finale.

Something special. Every now and then we see something special which makes us realise what clubs are all about. At our last fishing venue at Cervantes, Peet and Sandra Wessels took Trevor Stam away with them and looked after him and I think spoilt him a bit as well. Realising this was the first time Trevor has been away fishing in a long time makes this a very special gesture by Peet and Sandra and I know Trevor enjoyed himself immensely. He caught a nice tailor as well. On behalf of the club, thank you Peet and Sandra.

I think Peet and Peter Osborne (our FDO and Assistant) were very pleased with the attendance as this is what Peet was referring to at our last General meeting. Some good bags of fish were weighed in and the new road was most enjoyable to drive and certainly saved time and distance. We should have more like it.

Field day suggestions. We need feedback from you the members along with your suggestions for next year's venues as soon as possible. Committee wants to try and propose a balanced suggested list so you will all have plenty of time to look at them and make comments. We don't want to leave it to the last minute.

Peet was also asking for suggestions for a club Safari and as yet hasn't had a lot of suggestions. Please start working on it. We do have a group going to South West Rocks in New South Wales next August, but we need to look after all the members.

State Dry Casting. The AAAWA Championships were held at the Yokine Reserve on 31 October. I would like to thank our club members who competed and acquitted themselves so well and congratulate them on the result. The highlight was the two Super Vets who competed, Trevor Stam (winner) and Jim Strong (runner-up). There were two very happy chappies at the end of the day and when we realise that Jim is 88 years young, it makes it special.

Thanks to all who helped during the day, and before and after. My report will appear elsewhere in this issue of Reel Talk. A special thank you to Pat McKeown and helpers who ran the sausage sizzle and drinks on behalf of our club. It was really appreciated by all.

Kalbarri. After the weigh in at Cervantes three intrepid Surfcasters in John Crompton, Ray Walker and Pat McKeown continued on to Kalbarri to start the work that needed to be done to our club cottage. They were later joined by John Curtis and Ian McGillivray, who took his boat up as well and I think they did do a little fishing as well. John and Ian did the electrical work and locks and latches whilst the Three Musketeers were madly cleaning and painting so that when Marcia and Peter Pekaar arrived they were able to lay the new vinyl on the floors. Truly a team effort and on behalf of the club I extend our sincere thank you to you all. That's what clubs are about! Ray will have a report for Reel Talk.

Christmas is nearly here. Our December meeting is our Christmas meeting and you are requested to bring a plate of goodies to help the night along and the club will provide the drinks. Pat and crew once again came to the fore. I don't know what we would do without our social team. I will endeavour to get through the meeting as quickly as possible.

Because we may not have another Reel Talk out before Christmas, I wish to extend my and Kaye's best wishes to all the members and in particular your hard working Committee for the festive season, and may 2011 be a harmonious and enjoyable year for you all and a healthy one.

Tight lines and good casting.

President 2010/11, George Holman

Trial reef bag design

This is a follow up on the articles headed "Reef bag safety" on page 13 of the April 2010 Reel Talk, and "Reef bag design and modifications" on page 29 of the November issue.

At the October General meeting, Peet Wessels asked about the availability of deeper reef bags suitable for Yellowtail kingfish. Terry Fuller offered to sew one to Peet's requirements and design.

Here is the first version assembled to Peet's design, with material cut from a plastic tarpaulin. It has excellent drainage with 100mm x 450mm of knitted shade cloth, bait and rig pockets with drainage, adjustable quick release clip on a 50mm "seat belt" type webbing strap, and a pocket down the left hand side for a short gaff.

The bag size is:- height 500mm, width 450mm, front to back depth 100mm. The front is lower at 450mm. Pockets are 200mm deep by 150mm wide with a 25mm strip down the centre to make room for a hand.

The design and sewing avoid doubled over seams in the plastic which just turn into traps for smelly stuff.

Peet's keen to put it to the test on Radar Reef.

State Dry Casting meeting 6 December

It is very important for anyone interested in the future of State Dry Casting to be present at the meeting to be held on Monday 6 December at 8 pm.

We need to have a look at the last State Dry Casting event and the future. Also what will be required to have representation in New South Wales next year in July/August.

See you there.

AAAWA Dry Casting Organiser, George Holman

Season's wishes

The Committee wishes all members Seasons Greetings for Christmas and the New Year.

We hope that the coming year will be good for you and your family and your fishing and casting.

The 2010/11 Committee

Use for Club's blue tarpaulin

The Club has a blue 10 metre x 6 metre heavy duty plastic tarpaulin which is surplus to our requirements. The Committee has resolved to find a use for this or dispose of it. Possibilities for doing something with this include:-

1. Advertising and selling it complete.
2. Cutting into smaller tarpaulins, ground sheets, wind breaks, covers, bags, etc for sale to members. These could be cut/made/sewn by Terry Fuller using his heavy duty sewing machine to order to meet a member's requirements.

Prices would be negotiable based on area of the material, cost of any other items used, and a charge for sewing depending on the amount of work required, with proceeds to the Club.

Please contact Terry Fuller with your requirements for something made from part of this tarpaulin.

Yes, I could probably make 100 reef bags, but that would be lots of fiddly work, and I would prefer to make fewer and larger items with simple straight sewing.

Cheynes Beach accommodation for March long weekend

The AAAWA State Rock and Beach Fishing Championships will be held on Saturday Sunday Monday 5, 6, 7 March 2011. The headquarters are at the Cheynes Beach Caravan Park. Boundaries Bremer River mouth to Albany Harbour jetty.

The Club Field Day will be held on those days at Bluff Creek which is within those boundaries.

Peter and Marcia Pekaar checked recently and found that the Caravan Park still has some accommodation for that long weekend, but that is likely to be snapped up soon.

This is a great area for fishing. The AAAWA boundaries have plenty of places which can be accessed by 2 wheel drive vehicles. Bitumen roads all the way to the Caravan Park.

Think about it, but not for too long or you might miss out.

Contact the Pekaars or the Caravan Park directly on 9846 1247. Website <http://www.familyparks.com.au/CaravanParkDetails.asp?ident=chbcp> email cheynes_cp@westnet.com.au

Kalbarri house maintenance and busy bee

After attending the Cervantes field day Pat, John Crompton and I travelled to Kalbarri and arrived late Sunday.

Over the next six days we painted the lounge, dining, kitchen and laundry. This included the kitchen cupboards, all door frames and doors. John Crompton spent many hours rubbing back the peeling paint around the front entrance and applying, primer, undercoat and two final coats.

Curtains were removed and washed, the first time in some years. All the walls had to be washed prior to painting. A lot of cleaning was necessary to the air conditioner, exhaust fan and greasy curtain rails. A pressure cleaner was used to clean down the outside areas and the shower cubical.

The floors were stripped of old vinyl in preparation for relaying the vinyl. It was found that there was an additional layer of vinyl underneath and this was also removed. Some sheets of newspaper were found dated 1980.

John Curtis arrived late in the afternoon on Wednesday and proceeded to install the deadlocks on the front and back doors, window locks to the windows. He also fitted new taps to the kitchen and shower and privacy locks to the internal doors. John was accompanied by his friend Ian who installed new lighting to the back verandah.

Peter and Marcia arrived on Thursday and proceeded to organize the floor preparation by knocking down nails and Pat sanded down the sharp areas. The vinyl was laid over the next few days. Everyone was involved in moving furniture and preparing the areas for laying.

New cutlery set and a crockery set donated by George finished off the newly painted cupboards. We counted thirty old cups of differing shapes and sizes.

It was evident throughout the time we were working that the air conditioning to the back areas of the house was totally inadequate as the days and nights got hotter everyone slept in the lounge with the air conditioner on.

A valve box was fitted over the water meter to prevent damage, new hose and hose reel and the edges to the lawn areas cut. Two ute loads of rubbish were taken to the tip.

Pat, John Crompton, John Curtis, Ian and I came back on the Sunday and Peter and Marcia finished the vinyl and cleaning up of the house once everyone had left and vacated the property on Monday morning in time for people who had booked the house to move in.

Everyone worked extremely hard to complete the work required. At the end of some very long days a few beers and some quality sprits (courtesy of John Curtis) were consumed and a few jokes shared.

The whole week was carried out in good humour with lots of insults and jokes being shared. Everyone participated fully till the work was done and volunteered for any work that was required.

The house was completely transformed into to a light, bright inviting house. More work still needs to be carried out. Two bedrooms and the bathroom need to be painted, electrical meter box also need rubbing back and painting. The back door and surrounding frame are past being repainted and need replacing.

Ideas for improving the amenities include: Fishing rod racks on the back verandah wall, flexible hand held spray attachment for the tap to the fishing bench and built in BBQ.

The bunks in the house were found to be inadequate for adults and Terry has undertaken to investigate some replacements.

Property Officer, Ray Walker

Bring a friend to a Club activity

Please bring a friend, a relative, a workmate, neighbour or an acquaintance to a General meeting, to Dry Casting or to a Club fishing Field day.

Let them know what the Club does, and let them find out for themselves some of the benefits of being a club member, particularly getting all those fishing and casting tips from experienced club members.

Show them your copy of Reel Talk and let them know there is a lot more about the club on the Club website <http://www.surfcasters.iinet.net.au/>
